Assistant Professor (Jyotish)
Joint Coordinator, FDP

About the Faculty Development Programme: The main objective of this faculty development programme is to sensitize teachers about the necessity of upgrading the competence in using e-tools as per the demand of this digital world. Growing usage of ICT tools have shrunk the national barrier of education. At present, all the HEIs are striving towards globalized platform of teaching and learning. In such a scenario, it is pertinent for all the HEIs to generate an enriched human resource of teaching faculty who are capable of offering education at mass level with extensive use of ICT tools. Even UGC is urging all the HEIs to offer proper platform of internationalizing education. MOOCs through SWAYAM offers a proper platform in this regard and this Faculty Development in this connection will prove potential in generating a truly valued human resource for HEIs.

Main Theme: MOOCs & E-Learning Technologies

Areas to be Discussed: i) UGC (Credit Framework for Online Learning Courses through Swayam) Regulation, 2016. ii) Quality & benchmark for preparation of Module under Production of Courseware e-content for Postgraduate subjects. iii) Guidelines for E-content Development of Project, Submission for Assistance from UGC under NME-ICT. iv) Guidelines for Content Writers under SWAYAM/MOOCs, UGC. v) Proposal for Developing and Delivery of MOOCs on SWAYAM. vii) Basics of Computer, MS Office, Networking, Basic HTML, Basic Webpage designing, Basic Programming Language (QBASIC).

Learning Outcomes of FDP: Participants will have a clear view of developing MOOCs content. They will acquire a well-defined knowledge in guidelines in connection to MOOCs content development. Participants will be competent enough in developing MOOCs content as per the quality & benchmark of UGC. Subtleties of content writing in SWAYAM platform from the perspective of quality will become convenient. Process of implementation MOOCs for credit transfer will be convenient for all the participants. Participants will acquire basic competence in the usage of ICT tools in developing MOOCs content.
